## About Me

I am a dedicated BS Computer Science student with a strong interest in web development and graphic design. With skills in programming, digital art, and UI/UX design, I enjoy building creative and user-friendly digital experiences. Known for my leadership background and attention to detail, I thrive in collaborative environments and am driven by a passion for technology and aesthetic design.

## Skills

- Leadership
- Time Management
- Graphic Designing (Figma)
- Computer Programming (Python, JavaScript, Java, Nuxt, React)
- Proficient in MS Offices
- Cloud Computing (AWS)
- Database Management (SQL)
